

Duffy SCAVENGER HUNT GUIDELINES

YOUR MISSION:

Correctly answer as many questions as possible within the two-hour time limit! Take the full two hours to complete the scavenger hunt questions—you are not judged on who is back first, you are judged on how many questions you get correct.

HOW DO YOU GET POINTS?:

The scavenger hunt consists of 22 questions to complete, plus one extra-credit question. Fill out each question as best as you can in order to score points.

WHAT TYPE OF QUESTIONS ARE ON THE HUNT?:

Because you will be out on the water, the theme of the scavenger hunt is based on Newport Harbor locations, history, and trivia. Staff members are under strict orders to not divulge any answers! That means no calling our office for answers while you are out on the hunt!

HOW ARE THE RESULTS TALLIED?:

Please write your team name or your captain's name on your answer sheet. Upon your return to the dock, hand in your completed scavenger hunt to our Rental Desk Coordinator. We can either give you the answer key to grade your group's answers, or we can grade your answers for you! There are small prizes for the winning team!

SUGGESTIONS FOR SUCCESS:

The scavenger hunt answers are all around you—use the Newport Harbor maps, your smart phones, and don't forget to communicate within your group!
